FACSIMILE CERTIFICATE	
I hereby certify that this correspondence is being transmitted by Facsimile to the Patent and Trademark Office in accordance with 37 C.F.R. §1.600n

<u>Tina Smith</u>	

Please accept the following claim for priority in this application.

This application is a continuation of U.S. application number 09/115,854 filed 07/15/98—now patent 6,171,645—, which is a continuation of U.S. application number 08/748,926 filed 11/14/96—now patent 5,807,607—, which claims priority from provisional application numbers: 60/006,852 filed 11/16/1995, 60/006,853 filed 11/16/1995, 60/012,764 filed 3/4/1996, 60/012,800 filed 3/4/1996, and 60/014,005 filed 3/4/1996.

This application was originally amended to claim priority from the '854 and '926 applications. However, Applicants' agent inadvertently neglected to claim the '852 application's priority from its provisionals.

The original failure to claim this priority and the entire intervening delay was unintentional.
